Fuel Economy & Greenhouse Gas Rating (tailpipe only)

Smog Rating (tailpipe only)

4

1 10

This vehicle emits 471 grams CO₂ per mile. The best emits 0 grams per mile (tailpipe only). Producing and distributing fuel also effects emissions; learn more at fueleconomy.gov.

Actual results will vary for many reasons, including driving conditions and how you drive and maintain your vehicle. The average new vehicle gets 23 MPG and costs \$11,500 to fuel over 5 years. Cost estimates are based on 15,000 miles per year at \$3.75 per gallon. This is a dual fueled automobile. MPGe is miles per gasoline gallon equivalent. Vehicle emissions are a significant cause of climate change and smog.
